

PRODUCT LEAFLET

Intrinsically safe analog photoelectric smoke detector 2840

FEATURES

- Addressable intrinsically safe optical smoke detector for fire detection in hazardous areas
- Up to 20 detectors can be connected to each IS barrier unit
- Six advanced alarm algorithms available

DATA

-  - 10 to +55 °C
-  < 95%
-  Ø102x62 mm
-  300 g
-  Red LED
-  II 1 G Ex ia IIC T5 Ga
-  Grey White Black

GENERAL

- Tested and approved according to EN54-7
- ATEX certificate: DEKRA 11ATEX0107
- CPR: 2831-CPR-F2748
